MEMORANDUM FOR: Director of Logistics 45-8

THROUGH: Deputy Director for Administration

FROM: R. E. Hineman
Deputy Director for Science and Technology

SUBJECT: Costs Associated with Relocation of S&T
Components to Headquarters Addition

Recently, [] provided a very informative briefing to my staff on the plans for the addition to the Headquarters building. We have been working with him to ensure that our requirements are properly reflected in the plans. By the end of CY-83, I intend to provide you with a detailed statement of our projected requirements related to the relocation of S&T components. I would appreciate your help in arriving at the cost estimates so that when the budget is submitted, it properly reflects S&T requirements. Obviously these projected needs will have to be revised as our outyear budget estimates become more refined. I believe that this process will be useful in identifying all costs associated with the new building.
